**Text:** Auditing and Assurance Services, 11<sup>th</sup> edition, Arens, Elder and Beasley.  
Computer-Assisted Auditing with Microsoft Great Plains Dynamics, Mark W. Lehman.

**Course Objective:** To learn the procedures, objectives, professional standards and reporting requirements involved in the external examination of an organization's financial statements and operations.

**Grading Policy:**

Exams (20% each)	60%
Great Plains Projects	25%
Article Summaries	<u>15%</u>
	100%

- Three exams will be given throughout the semester as take-home exams. The due dates are listed in the schedule of assignments. **No late exams will be accepted.**
- Projects from the Computer-Assisted Auditing book are due periodically throughout the semester. We will have scheduled class time during the semester for you to work on the projects. See the Schedule of Assignments.
- Throughout the semester I will be giving you current articles to read, summarize and be prepared to discuss in class.
- I will not take attendance. However, it is in your best interest to attend class each week.

**ACCT 462  
Section A  
Spring 2006**
